Education

Kalinga Institute of Industrial Technology (KIIT), Bhubaneswar

B.Tech in Computer Science and Engineering

2023 – 2027

CGPA: 8.94

KIIT Higher Secondary School, Bhubaneswar

Higher Secondary (Science)

2019 – 2021

Percentage: 95.3%

Saraswati Shishu Vidya Mandir

Secondary

2009 – 2019

Percentage: 92.6%

Technical Skills

- **Programming Languages** : Java, Python
- **Machine Learning** : Machine Learning, Deep Learning, Face Recognition, PyTorch
- **Libraries** : OpenCV, NumPy, Pandas, Matplotlib, Seaborn
- **Database** : SQL
- **Developer Tools** : Git, GitHub, Visual Studio Code
- **Coursework** : Data Structures & Algorithms, Object Oriented Programming, Database Management Systems, Operating Systems

Projects

SNAPCLASS (Python, Streamlit, OpenCV, Supabase, NumPy, Pandas)

[GitHub] [Live]

- Built a face-recognition attendance management platform supporting **100+ students** across **50+ subjects**, storing and analyzing more than **1,000 attendance records** in Supabase.
- Implemented facial encoding, similarity-based identity matching, attendance validation, and duplicate-entry prevention using Python and OpenCV.
- Developed secure user authentication, student and subject management, attendance reports, and analytics across **15+ Streamlit dashboard modules**.

FitNovaAI (Python, Streamlit, MediaPipe, OpenCV, SQLite, Pandas, Groq API)

[GitHub] [Live]

- Built an AI-powered real-time fitness platform supporting **5+ exercises** by capturing and processing webcam pose landmarks using MediaPipe, OpenCV, and Streamlit-WebRTC.
- Implemented joint-angle calculation and exercise-state transition logic to count repetitions, monitor workout performance, and generate personalized exercise feedback.
- Stored workout sessions in SQLite and developed interactive dashboards to visualize **10+ workout metrics**, enabling users to analyze exercise history, performance trends, and long-term fitness progress.
- Integrated the Groq API to generate AI-driven workout insights and personalized coaching based on recorded exercise performance.

Achievements

- **LeetCode Rating: 1678** (Top 15–20% globally).
- Solved **600+** Data Structures & Algorithms problems across **LeetCode, CodeChef, and GeeksforGeeks**.
- Secured **All Odisha Rank under 50** in Class XII Board Examination (2021).
- Secured **State Rank under 50** in Class X Board Examination (2019).

Work Experience

AI/ML Lead – KIIT eLab (Python, OpenCV, Machine Learning, SQL)

Sep 2025 – Present

- Coordinated AI/ML feature development for the KIIT eLab platform, including problem identification, data preparation, model experimentation and application integration.
- Developed computer-vision workflows using Python and OpenCV, and collaborated on integrating ML components with backend APIs and SQL-based storage.

Position of Responsibility

- **Artist Lead – Kraftovity KIIT**: Managed creative design and event branding.
- **Volunteer – Kimaya KIIT**: Supported social outreach and event operations.
